

Public Parking

The mission of Public Parking is to provide sufficient, convenient, safe, and attractive parking for downtown commercial and retail businesses and their customers and employees.

The 2010-2014 Capital Improvements Program for Public Parking Facilities includes a pooled project to accommodate various needs that were not anticipated as well as other improvements that may be related to improved security. A second identified project is for the construction of a new parking ramp to accommodate the need for additional parking due to the growth of downtown.
