Date of installation _____ **Installation cost** _____

- The City of Sioux Falls will rebate the price of purchase and installation for a timer that works with an underground irrigation system to comply with all City lawn watering schedules and water conservation goals.
- **This program is intended to offset the replacement cost of irrigation timers that can not be programmed in accordance with the annual lawn watering schedules of the City of Sioux Falls. The City will not provide rebates for irrigation timers in new construction.**
- Residential properties can qualify for a rebate up to \$80 toward the purchase and installation of the first irrigation timer, and \$65 for each additional irrigation timer.
- Attach a copy of your receipt(s) and work orders with this application form. The rebate is subject to an inspection by City officials to confirm compliance.

Free water conservation devices and information from Public Works

The City of Sioux Falls encourages you to participate in further water savings measures in the home by taking advantage of our other Plumbing Retrofit Programs such as replacement of inefficient toilets and purchase of water-conserving washing machines. The City also promotes using flow restrictors, aerators, and efficient showerheads. These devices produce no reduction in performance and help to save water. (Construction and installations after 1992 should meet the lower flow standards and therefore require no changes.) The City's free water conservation kit contains several devices and a booklet with suggestions that will help you save water. A water conservation kit will be provided upon request and can be provided to you at no charge during the home inspection visit.

Would you like a water conservation kit? (circle) **YES** **NO**

All rebates are subject to availability of funding.

For more information or for questions call Public Works at 367-8600 or visit our website at www.siouxfalls.org/conserv

Sioux Falls Cable TV Channel 16 also provide information on general water conservation issues.

AGREEMENT

In order to receive the rebate, the customer/property owner agrees to the following conditions:

1. I agree to adjust the irrigation timer to adhere to all current Sioux Falls lawn watering schedules.
2. I agree to maintain the irrigation timer so that it operates properly and I will not alter it in any way to defeat the intended goal of water conservation.
3. I agree to an inspection visit for confirmation that the irrigation timer was properly installed and is in operational condition before I can receive my rebate.

Signature

Date

Print name

Contact your tax advisor regarding potential tax issues if the application involves a non-owner occupied property.

Mail completed application and a copy of your receipt and/or work order to:

City of Sioux Falls
Public Works
Plumbing Retrofit Program
P.O. Box 7402
Sioux Falls, SD 57117-7402

Specific documentation that the irrigation timer has been purchased from a Sioux Falls supplier is required. An installer or delivery receipt from the place of purchase in Sioux Falls will not qualify.
