Snow Route Service

Sioux Falls Transit buses will follow their regular routes and schedules during the winter to the maximum extent possible. However, Sioux Falls Transit knows from past experience that certain routes, and portions of routes, will be affected by snow, ice, and wind.

Regular city bus routes might change to snow route service only when winter road conditions warrant, or when the City of Sioux Falls has declared a Snow Alert. Emergency snow route schedules may be obtained at The Bus Stop, 120 East 11th Street or at the Sioux Falls Transit Office at 500 East Sixth Street. Public Service Announcements that snow route service is in effect will be made on local radio and television stations listed on the City's website at www.siouxfalls.org, or call The Bus Stop at:

(605) 367-7183

(TDD Services Available for the Hearing Impaired)

Buses will return to their regular routes as soon as weather conditions allow.

Due to Weather Conditions, Sioux Falls Transit may provide service on emergency snow routes only or may cancel service. Listen to local radio/TV stations for service changes due to weather-related conditions.

All buses pick up passengers on the way to and from the garage.

Sioux Falls Transit provides services without regard to race, color, gender, religion, national origin, age, or disability, pursuant to local, state, and federal laws.

Any person who has questions, requests for accommodations, or who believes they have been discriminated against should contact Sioux Falls Transit at (605) 367-7885, extension 301.
