Beginning January 1, 2010, a provider may care for no more than four children under the age of two years, and no more than two of these four children may be under the age of one unless there is a registered helper in the home. If a provider cares for children under two years of age, the provider must maintain an adult/child ratio of one adult to four children under the age of two.

If more room is needed, please use the back side of this Day Care Attendee Master List
