

12A. AIR CONDITIONING / HEATER SYSTEM - THERMO KING

- PPMTG Controls: Intelligaire 2 on dash (PANEL #1), with std rotary switch on dash(PANEL #3)
- p89,AE67 Motors (Condenser & Evaporator) - Thermoking Brushless w/Auto Low Cool Fan Speed
- p91 Compressor - X426
- L.O. Freon Refrigerant - R134a
- p93 Compressor Operation - Cycling Clutch
- PPMTG Fresh Air Make-up - NOT REQUIRED
- p61 Filter - Reusable Polypropylene mounted on aft of air return grill
- Booster Pump - Brushless / Sealless, with 1/4-turn valves
- Valves to isolate: Compressor, Dryer, and Receiver (standard)
- Sporlan electric heater valve - Required (standard)
- (2) HVAC sight glasses - Required (standard)
- 0.5" insulation in HVAC ducts - Standard

12B. DRIVER'S HEATER / DEFROSTER

- OK Driver's Heater - Mobile Climate Control
- p89 Brushless motors with standard electronic control
- Left foot vent ducted from driver's heater - Required
- p90 1/4 - turn shut - off valves mounted at front bumper channel - Standard

12C. STEP / UNDERSEAT HEATERS

- OK Front Step Heater Blower - Ducted from Driver Heater
- L.O. Auxiliary Front door Threshold Heater - Mobile Climate Control
- Brushless motors
- Controls: thru independent switch on drivers dash
- Warm Welcome Mats - Not Required
- Rear step floor heater - Not Required
- Auxiliary underseat heater - Not Required

12D. DRIVER'S AUXILIARY FANS

- OK (1) at Center LH dash with independent switch on drivers dash
- p67 (1) at Center RH dash with independent switch on drivers dash

12E. AUXILIARY COOLANT HEATER

- PPMTG Proheat - WEBASTO THERMO 300
- CRC Control - thru independent switch on drivers dash with IGNITION SWITCH ON (I/O CONTROLLED)
- Stainless steel enclosure with air filter - Required

13A. FRONT DOOR VAPOR DOORS

- OK 40" slide - glide
- p87 Manual dump valve in header - Included
- L.O. Brake interlock with front door operation - Required
- Glazing - Two pieces each panel
- Grab Handle - Brushed stainless steel

13B. EXIT DOOR VAPOR DOORS

- p87 34" swing-out
- Glazing - Upper & Lower Section (split)
- Glazing color - Match passenger windows
- PPMTG Handles - 14" DIAGONAL ON LOWER SECTION (SSTL)
- Rear step grab rail - Stainless steel both sides of step area
- Sensitive Edge - Required Resilient Lock - Not Required
- HEADER STYLE: Air - open / Spring - close
