

Home Escape Plan

Student handout

- With your parents help, draw the floor plan of your house including each room.

- Leave an opening to show where the doors are.
- Mark where the windows are with 2 lines.
- Label each room [bedroom, kitchen, living room, dining room, bathroom]

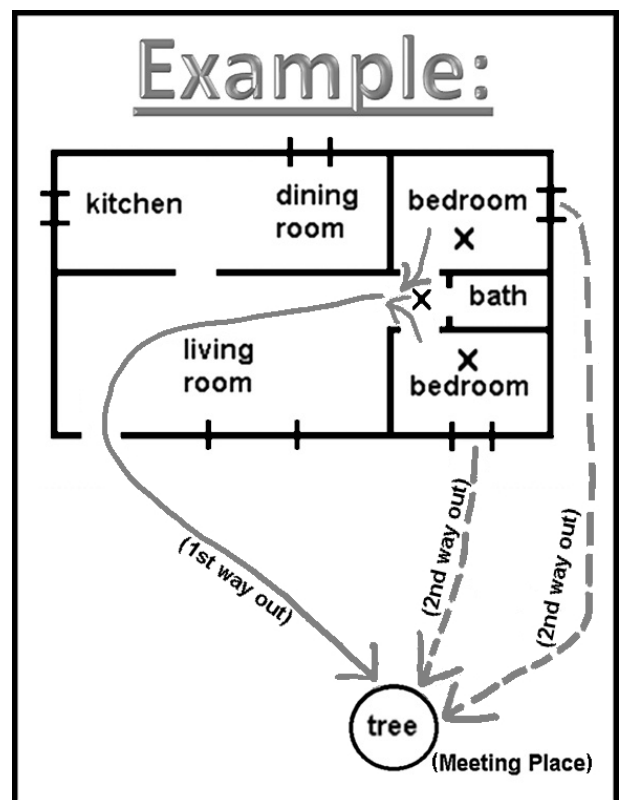

- Mark the locations of smoke alarms with an **X**. (You'll find them on the ceiling or wall). They should be in each bedroom, outside each sleeping area (like hallways), and each level of your home. **

- Write the location of you meeting place in the circle (example: mailbox, tree)

- Draw 2 ways out of each bedroom. Make sure you can tell the difference between the lines (example: dashed & solid, or red & blue)

- Write your address & phone number at the top of page so you can memorize it.

- Bring your **Home Escape Plan** back to school for your teacher to see.

Put your plan on the refrigerator where everyone can see & practice it with your whole family!

**Parents... if your home doesn't have smoke alarms in these places, please contact Sioux Fall Fire Rescue at the following phone numbers:

(605) 367-8092

(605) 367-8093

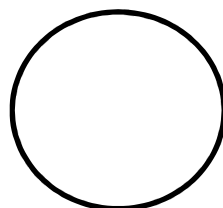

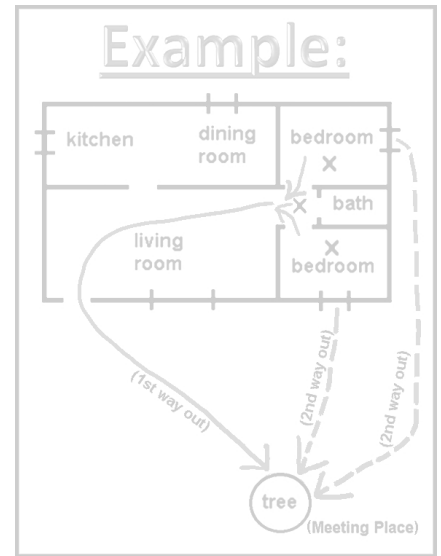

Remember to test your smoke alarms monthly & change the batteries every year!

My Name _____ Date _____

My Address (to memorize) _____

My Phone # (to memorize) _____

My Home Escape Plan: (1) draw the layout of your home, (2) put an "X" where you have smoke alarms, (3) write the location of your meeting spot in the circle provided, (4) draw 2 ways out of each bedroom.

(The name of your meeting place goes
← here.)
