***CHARTER REVISION COMMISSION
ANNUAL REPORT - 2011***

The fifth Sioux Falls Charter Revision Commission was appointed in October 2011 by the Mayor with the advice and consent of the City Council to consider revisions to the City's Charter, the broad governing document for conduct of local municipal government in Sioux Falls.

The Charter Revision Commission conducted two public meetings in 2011 to consider various Charter revision proposals that were brought forward by city departments, council members, Charter Revision Commission members and/or citizens with the goal of presenting proposed Charter revisions to city voters for their consideration in the April, 2012 city election.

The five members of the Charter Revision Commission will serve from their appointment in 2011 to the expiration of their terms in October of 2014.
