6. New Business
   A. Goldsmith/Heck Engineers has provided engineering services to the Airport for FAA funded projects since 2009 with a partnership with KLJ Engineers. KLJ has elected to acquire Goldsmith/Heck to broaden their reach in eastern South Dakota and Minnesota. Our Master Agreement with Goldsmith/Heck requires Board approval for the assignment of the contract to KLJ Engineers. Julie Schnaible moved and Dave Nelson seconded a motion to approve the assignment of the Engineering Agreement with Goldsmith/Heck to KLJ Engineers. Mike Luce abstained from voting due to a potential conflict of interest. Motion carried.

   B. Jared Nesje with TSP and Joel Stromgren with Miller Dunwiddie provided an update on design of the Baggage Claim Expansion. The initial design calls for introduction of three large flat-plate claim devices that will greatly increase capacity meeting the forecasted demand for the next 15 years and doubling the square footage in the claim area. Plans also call for the relocation of a sanitary sewer lift station as well as
relocating underground utilities just outside the expanded claim area. Estimated construction time to accommodate multiple phases is at least a year. Bids are expected to go out in early 2018 with construction beginning in the Spring of 2018.

C. The Executive Director presented a proposal to the Board that would update established pay rates for front-line employees. The pay rates would mirror hourly rates going into effect January 1, 2018 for similar positions with the City of Sioux Falls. The pay ranges established would set new employee starting rates of pay and yearly pay adjustments throughout the first 15 years of employment. The new pay rates would be utilized to develop the operating budget for 2018 that will be presented to the Board for review in October.

7. Open Segment- No discussion

Mike Luce left at 1:34 pm

Julie Schnaible moved to adjourn at 1:37 pm. Raquel Blount seconded. Motion carried.
