New business
PatientCare EMS has requested a three percent rate increase. The current ambulance contract (RFP, page 41) states, “The annual rate increases will be the greater of three (3) percent or the increase of the CPI for any given year. All changes in the transport fees must be approved by City/REMSA.”

The CPI increase for All Urban Consumers for 12 months ending May 2020 (most recent available) is 0.1% and so the 3% adjustment is applicable.

After the requested three percent (3%) increase, rates will be as follows:

<td>Emergency Base Rate (ALS &amp; BLS)</td>
<td>$1333.17</td>
