

# **TRAFFIC VOLUME COUNTS FOR THE CITY OF SIOUX FALLS 2017-2021**

**Taken by the  
Sioux Falls Public Works Department-Engineering Division  
and the  
South Dakota Department of Transportation**

**Recorded by the  
Sioux Falls Public Works Department-Engineering Division  
January, 2022**

The traffic counts listed are 24-hour, weekday, two-directional counts. Traffic counts are normally collected during the summer months, but may be taken any season, as weather permits. The traffic counts are factored by the day of the week as well as by the month of the year to become an Average Annual Daily Total (AADT). Traffic volumes (i.e. count data) can fluctuate depending on the month, week, day of collection; the weather, type of road surface, nearby construction, etc.

All of the historical data should be averaged to reflect the "normal" traffic count.

More specific count data (time, date, hourly volume) can be obtained from the Sioux Falls Engineering Division at 367-8601.

In general the 2020 traffic volumes trended downwards due to COVID-19 pandemic.

\*Denotes traffic volumes strongly impacted by adjacent construction.
